Safety Moment

Protect yourself from falls when working at height

Stay away out of line of fire

Complete planned and point-of-work (last minute) risk assessments for every task

Remember that we all have stop-work authority

All our members have to abide by the IPLOCA Occupational Health and Safety philosophy

- We are committed to the Occupational Health and Safety of our people
- We believe that all incidents and accidents are avoidable
- We believe that leadership is the key for successful Occupational Health and Safety
- We believe that everyone is responsible for Occupational Health and Safety

HEO Log Book	Version:	Date:
--------------	----------	-------

INTRODUCTION

The Operator Log Book is specifically designed for all operators of heavy construction machines to record their ongoing operating history, competency, skills, experience and training.

It is essential that you maintain your Operator Log Book with accurate and up-to-date information, as it formally verifies your operating history, competency, training and qualifications.

Heavy Equipment Operator Log Book
