## **IMPORTSUBSTITUTION**

Importsubstitution is a priority for Gazprom

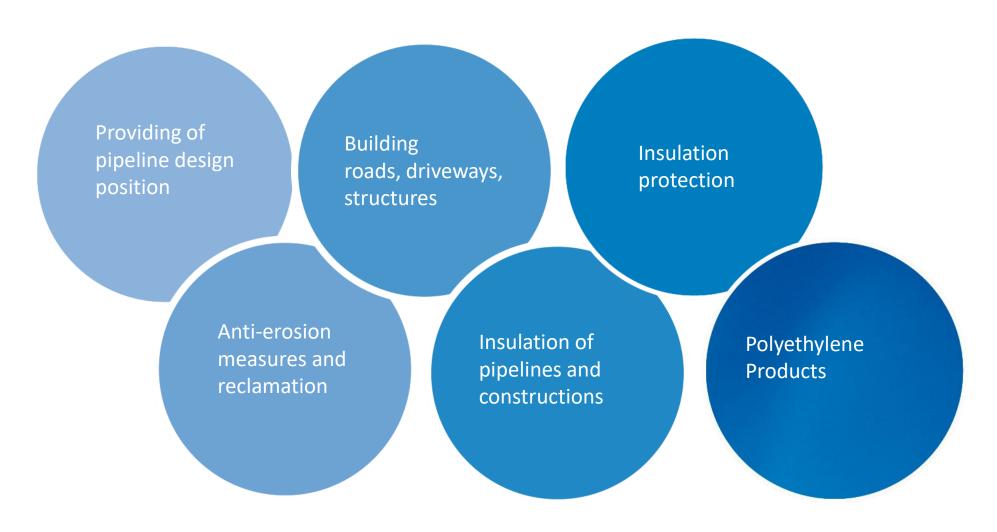

A.B. Miller

In 2014 Gazprom StroyTEK Salavat as the holder of the Registers of specialized products of Gazprom PJSC organized work to exclude products from the Registers that do not have a certificate of the Ministry of Industry and Trade on localization. The result was the complete lack of imported products in the Registers by 2015 due to the exclusion or localization of production in Russia of previously imported products such as K-Flex, Hempel, Canusa, 3M Scothcote, Protegol, Bredero Shaw.
